Who's who.

**1996 MGF FOR SALE, 85667 miles, new mot, fully roadworthy.**

I am offering for sale my 1996 flame red MGF, which has been virtually rebuilt mechanically, but needs to go to a new lucky owner, to make room for my MGTf project.

I bought it as a restoration project, now completed, having had all the difficult bits done, mainly by a local professional mechanic.

The engine had to be replaced due to a blown head gasket and bore scoring, and a replacement engine and gearbox were found with only 48k miles. So the necessary renovation and replacement work was carried out as listed below:

New 3 layer head gasket, cam belt, new alternator and water pump, drive belt.

Engine sub-frame found to be sound, so cleaned and hammerite coating applied.

All cooling hoses replaced, including the two stainless steel underbody pipes, and a new radiator fitted. New oil, petrol, air filters.

The braking system was overhauled, new pipes fitted where required, brake calipers serviced, new pads fitted. Suspension refilled and re-pressured. Clutch and gearbox found to be sound.

All together, everything has been checked, and replaced as required. The bodywork retains its gloss finish in original blaze red, with a small smattering of small chips, due to age. No major rust repairs were required. The engine is very quiet, maintains temperature, and really flies!

Some cosmetic work has been done, i.e hood renovation, new carpets, modern radio. *FST and large bill file available*

The asking price is £3,250 ono. Contact me on 07802 449822, or [m.tomkinson989@btinternet.com](mailto:m.tomkinson989@btinternet.com)

DAILY INFORMATION AND TRIP GUIDE

# Marshals at the overflow carpark. ( John and Glenis )

What a lovely, warm summer day for hanging around on a street corner. John and I were collecting MGs coming from the east to the start at the White Horse.

They came at us from the sun, so one or two slipped past us, but we managed to corral enough in our car park to ease pressure on the pub car park.

The speed humps are a bit vicious but only one car almost came to grief when he took this first hump at take off speed. The landing was audible but no damage done.

John and Glenis.

## Nice message received ...

We drove the Ratae Run today for the first time and would like to thank, and congratulate you and your team on an excellent and enjoyable day.

The start point was perfect apart from our spirited drive, for us, from the Rockingham Forest Hotel, just round the corner from the finishing point.

The route was outstanding and we thoroughly enjoyed your almost traffic free country roads in your area. Nothing like we are used to in Berkshire.

The garden centre was amazing where we broke for lunch, and we thoroughly enjoyed our visit to Rockingham Castle.

Well done everyone and we may well be back next year.

Regards

Ian and Sue Deverall.

Our Sponsor.

## Our Visit to the Car Museum May 11th 2023.

GREAT BRITISH CAR JOURNEY MUSEUM : VISIT on MAY 11TH 2023  
LOCATION; unit 4 , Derwent Works, Ambergate, Derbyshire, DE56 2HE.

Four of us met up at my place, on a drizzly morning, with Mel and Dave in Mels MGB, and myself (Mike) with Keith in his MGTF. Our SatNavs were primed, and off we went to hopefully, sunny Derbyshire. We were going well, until we approached the outskirts of Derby, when Auntie SatNav got us a bit confused and directed us off the main route, causing us the double back on ourselves!but we followed the road signs away from dusty Derby, and the scenery soon became much more rural, as we headed down into the lovely Amber Valley, where the museum was located, just off the A6 at Amberate. The museum looked like a large aircraft hanger, its previous use being a wire mill repair facility. The giant overhead gantry cranes were still there!There was plenty of space in the large car park, so we parked up and trooped in to Reception.We were greeted by a charming lady, who relieved us of £15 each, in exchange for access to the exhibits, some 130 vehicles providing an insight into Britains motoring past. A guided tour was available ,in the shape of an inter- active tablet and headphones that gave the background and history of each vehicle on display. A sample of production cars from the last 50 years, were laid out according to make, and all four of us had fond memories of driving their family saloon to the seaside in years gone by. A couple of hours were spent walking around, chatting to each other and telling war stories as we came upon an example of a model we had once owned.

The tour ended with a visit to "The Filling Station" for a Burger and Chips, etc. A display of items for sale included a selection mugs depicting many of the cars on display, so I chose an Austin Healey 100, my first sports car I bought for pennies in 1965. I wish I still had it!

So, lots more photos to add to my collection of old classics, my favourite, of course, being my first 1966 mgb roadster.....so, another trip down Memory Lane.

MIKE TOMKINSON

# OCTAGON Road Run

27<sup>th</sup> May 2023

I am pleased to welcome MG Owners from all the MG Clubs who have jointly arranged a celebratory day of events for everyone.

For those participants who are supporting the four scenic road runs starting from Abingdon, Longbridge, Swindon and Broughton Astley, I trust you will thoroughly enjoy driving your MG on these amazing routes, which is what owning these special cars is all about. I would like to thank all the volunteers who have spent many hours of their time to put these runs together and marshal the start points and I look forward to seeing you all at Gaydon for what promises to be a fantastic day out in the company of like minded enthusiasts.

**Richard Monk**  
General Manager

I hope you have fun driving on the road runs and I look forward to the chance to meet as many of you as possible at Gaydon. Cecil Kimber would I am sure be proud to see so many examples of the brand he started being enjoyed one hundred years later. For those of you starting your run today in Abingdon you are only a short distance from the site of the famous factory that produced MGs for fifty years from 1929. If you are driving a car from this period it is interesting to note that it would have been driven over some of the roads you will be using at the start of the run because MG road tested every car before it was delivered to the dealership.

**John Day** President

100 years of MG, what a milestone! Today we shall all be part of an incredible day celebrating Cecil Kimber's efforts with the MG Car Company, all those years ago. You are participating in one of the four road runs to Gaydon, starting from the home of the South Leicestershire MG Owners Club, the White Horse Inn, the traditional start point for their hugely successful 'Ratao Run'. You will have a leisurely drive to the British Motor Museum at Gaydon along some lovely lanes, enjoy the last few miles as you traverse Burton

Dassett Country Park with its splendid views across Warwickshire. When you get to the museum, make the most of the show and displays, and have a really good look around the museum and collection centre, there are 29 various MG cars on display, from Old Number 1, to the record breaking cars, right up to a MG Metro 6R4 rally car. From the five MG clubs organising today's event have a great day out and travel 'Safety Fast'.

**Brian Rainbow** Chairman

100 years of MG! What a milestone! Today we shall all be part of an incredible day celebrating Cecil Kimber's efforts with the MG Car Company Ltd, all those years ago. Whether you are participating in one of the road runs to Gaydon, or joining the Timeline of 100 examples of what MG produced over the years from the earliest Bullnose cars to the latest offerings, you are sure to have a fabulous day out enjoying your own special MG. The Early MG Society would like to welcome you, together with all the other participating MG Clubs, to a day of celebration, a one-off opportunity to see examples of virtually every MG produced, in one place, at the same time! Don't forget to visit The MG record breakers on display too. We wish you a 'Safety Fast' journey to Gaydon!

**Geoff Radford** Chairman

Welcome to the MG Centenary Road runs. It is indeed fitting that the Arkell's Run should start from the Brewery as John Oliver Arkell, to whom Cecil Kimber sold the yellow and black Raworth-bodied Super Sports for £300, was a Director of Arkell's which became a Private Limited Company in 1927. All the more so, for the Run takes in Highworth where the car was delivered to the family home at Redlands Court in August 1923. We have devised a wonderful route through the glorious Cotswolds for you. Enjoy the Run and we'll see you at Gaydon!

**John James** The MG 'T' Society

# A message from Bronwen.

Hi

Hope you are all well.

Just wanted to share with you the video of Alex on the beach at Cromer. Alex was able to do this on his own for the first time now he has his superb wide sand wheels.

The wheels were engineered to fit on to his walking frame and are interchangeable with his normal wheels (his normal wheels cannot be used on the beach because they are too thin and the sand and salt jam the ball bearing race that is in them)

The new extra wide sand wheels are resistant to the sea and sand. To able bodied people going on the beach is normal to a disabled person it is almost impossible without help or special equipment.

The sand wheels were due to the great work done by one of the REMAP engineers, whom I met when we did the cheque handover to their charity.

Through the Ratae and Remap a young man is now feeling far more included and able to enjoy what most people take for granted.

Bronwen.

Well, what a great message from Bronwen! It's nice to know that all the hard work and organisation that goes into the annual Ratae event can help change lives.

You will be able to see the video Bronwen sent at the next MG meeting in July.

Regards,

Graham.

Torque editor.

OCTAGON Road Run

27th May 2023.

Thanks to marshals and ladies who helped at the start , The White Horse at Broughton Astley.

The MG car owners who participated came from far and wide. The furthest travelled entrant came from Germany, Mr Christopher Kolb, winning a prize at the end venue, British Motor Museum, Gaydon.

Also we had people from Wales, Yorkshire, Nottingham, Rugby to name a few.

Approximately 2,000 cars attended the event on a glorious sunny day.

It was great to see the new MG Cyberster on show in the museum.

Also we were honored to watch the Spitfire fly over many times.

The sixties girl singers gave us an enjoyable show.

One gentlemen, came to us at Gaydon to say what a warm welcome our club, South Leicester MG Club, gave them at the start.

A thank you was very much appreciated.

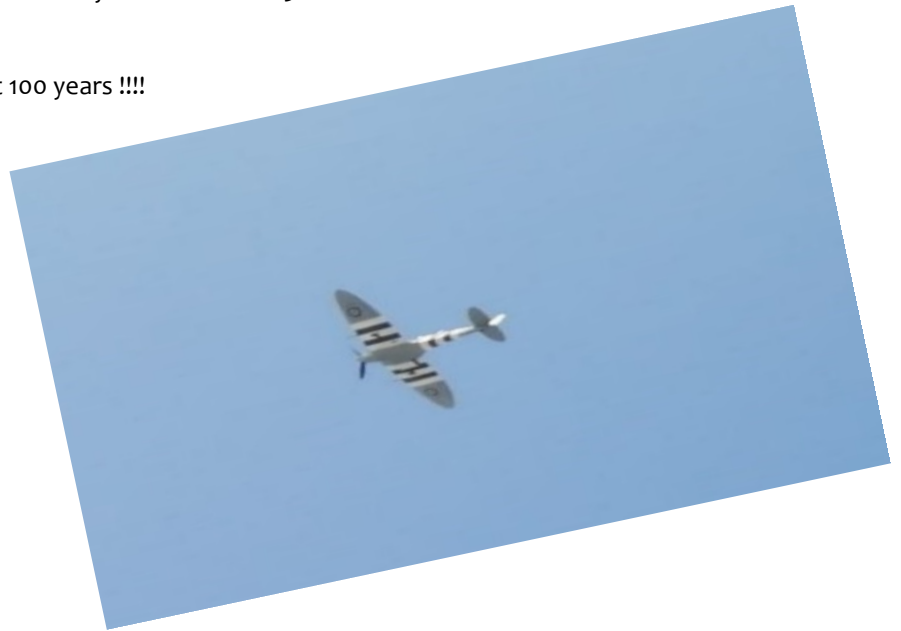

Also on the front cover of the tulip guide was a paragraph by Brian Rainbow, Chairman of the MG Octagon Club, which also gave our club a great mention regarding our yearly Ratae Run. This year will be our 25th Run.

Thank you Brian.

Hope we have many more MG events for the next 100 years !!!!

Regards

Graham Dorman.

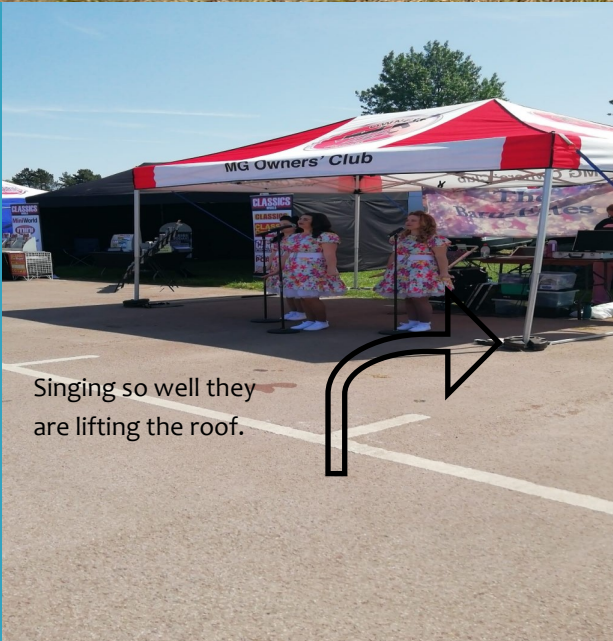

Octagon Run.  
May 27th.

Cheers to all !!

My pride and joy.

Singing so well they  
are lifting the roof.

# Steve and Bev`s trip to Ulster Transport Museum.

## Ulster Transport Museum

This year we decided to take a trip across the water to Northern Ireland, staying in Bangor in the beautiful area of County Down.

Whilst there we visit is sometimes the ven- Years'.

We were in Northern the Classic Rover Club for the visit to the mu-

The museum is quite tractors to locos. The being the heaviest of We 'cabbed' one or standing on the foot- the Titanic being close cial vehicles, including

big with every mode of transport from main building is a multilevel, the bottom the transport – the railway locomotives. two! ('Cabbed'- trainspotting term for plate). One level was a display about to Belfast. Another level was commer- vans and emergency service vehicles.

A short walk away was another building which housed horse drawn carriages, bikes; motor and pedal. Seeing as Ireland is battered by the sea and sometimes big waves occur – it is a very popular place for surfing. So another mode of transport of sorts was mentioned in this display. Also of course the jet-ski (see photo!)

Bev.

## The Strawberry Park event at Statfold Barn

Five cars left Elmesthorpe Village Hall car park at 9:00 am following a route that I had prepared from route planning software. All went well until we got to Austrey where it went awry. We went through the village twice (it is a very nice village), but with the help of Tomtom we got back on track and reached Statfold at 9:45 am (the last time for entry).

The weather was excellent and we all set up our chairs and tables and then wandered around. Surprisingly the cafe was closed - why would you organise a classic car event and not open the cafe?

The narrow gauge museum was open and is well worth a visit, with some very impressive engines and carriages on display. We also had a ride on the narrow gauge railway that runs around the grounds, and the mini railway which is on the opposite side of the estate. We bought a Morrison's cream tea and took a plastic three tier cake stand we got from Amazon. The cream tea was nice, but the cake stand looked as though it was about to collapse – a bit of a disaster.

However, the highlight of the day was again Mrs Dawson's lemon cake. It was a new recipe. I didn't think she could improve on the old one, but she has. It was delicious.

We left about 5:00 pm after a very nice day.

Statfold is the end venue for the 2024 Ratae Run and well worth a visit.

Stuart & Linda

Shirley been baking again !!

## Ashby Magna

We met at the White Horse at 8:45 am for the short journey to Ashby Magna. On arrival the cars were lined up in our display area and we put up the event shelter. We hadn't been to Ashby Magna before and it is a bit like a smaller version of Hollowell which we have been to a couple of times and enjoyed.

There are quite a number of stalls selling all sorts of things from clothes to tools – my favourite was the one that sold ice cream.

The weather was again kind to us and we spent the day wandering around looking at the different stalls, or just sitting and chatting. Derek and Val looked very smart in their new club clothing (we have a stock of caps available for purchase).

Mrs Dawson again excelled – this time with Nutty Topped Banana Bread and delicious biscuits. The only problem is we eat far too much. All in all it was a very enjoyable day.

I would encourage anyone who hasn't been to one of these events with us to your name down – I'm sure you will enjoy it.

Derek checking his phone and Graham tucking in to Colin the Caterpillar cake, he had for Fathers day.

## Will it or won't it.

7 cars lined up at the White Horse car park to spend the day at this years **Ashby Magna Vintage Rally**. Arriving at the grounds around 9.15am we all parked up, out came the tent & poles onto the grass, (anybody know what to do with it we all asked). Colin came up trumps so we all followed instructions. Looking around there was a big arena, Where you could

watch Gun dog display, Lutterworth town band, Tractor display, Motorcycle display, & much more. There were lots of Stalls from the Army, Steam traction engines, Miniature steam engine rides, Land Rover. Tractors, Craft Market, Market Stalls. Fun Fair, Vintage & Classic cars. Shirley treated us with some lovely cakes, Graham & Ann sliced up Colin, a chocolate caterpillar cake, somehow enough for everyone.

Each car had a number to display so the public could vote for their favourite, the winner receiving a trophy at the end of each day. The time came to make a decision, will it or won't it rain, the clouds were

gathering so the decision was made, The tent came down and then packed away in the cars. Sitting there in a round circle afterwards solving all the world problems. With a few spots of rain it was time to pack up and head for home. A really enjoyable day.

They will print the club Logo on anything we purchase at a cost of £5.00.

## South Leicester Monthly Meetings

Membership open to all, so why not come along and meet like-minded people and enjoy the magic of the marque.

We meet on the first Tuesday of each month at the White Horse Inn, Station Road, Broughton Astley, Leicestershire. Family membership is £10.00 p/a, payable in January. For further details contact the Secretary.

Meetings are held from 7.30pm with members forum 8pm.
