A short holiday

Dave Taylor and I had both said we had never visited the Isle of Man, our lovely ladies immediately took action and arranged a few days on the island. Driving towards Heysham to meet the ferry we saw dozens of MG's, Jaguars and Morgans heading in the other direction. Apparently, we had missed a week of classic car events including a parade in Douglas, visits to local museums and a sprint around the mountain circuit on a specially closed road. Over three hundred cars had taken part. We stayed at a local hotel with some of the participants who told us the annual week had been organised by a company called Scenic Car Tours.

They arranged the whole week including the ferries, accommodation and the daily events.

We toured this amazing island which is very scenic with roads to match. We rode on the mountain railway and climbed the Laxey Wheel. The sun shone for two days and then the storm hit overnight and our return crossing to Liverpool was in doubt. The Catamaran did run on time, but the crossing was a little bumpy, (Helen managed to keep her lunch down). We then found our garage flooded when we got home. You must have had a shower or two here while we were away?

We shall definitely return to the island, probably in the 'C' during the Classic Week, anybody else interested?

Peter

Slow down read the signs!

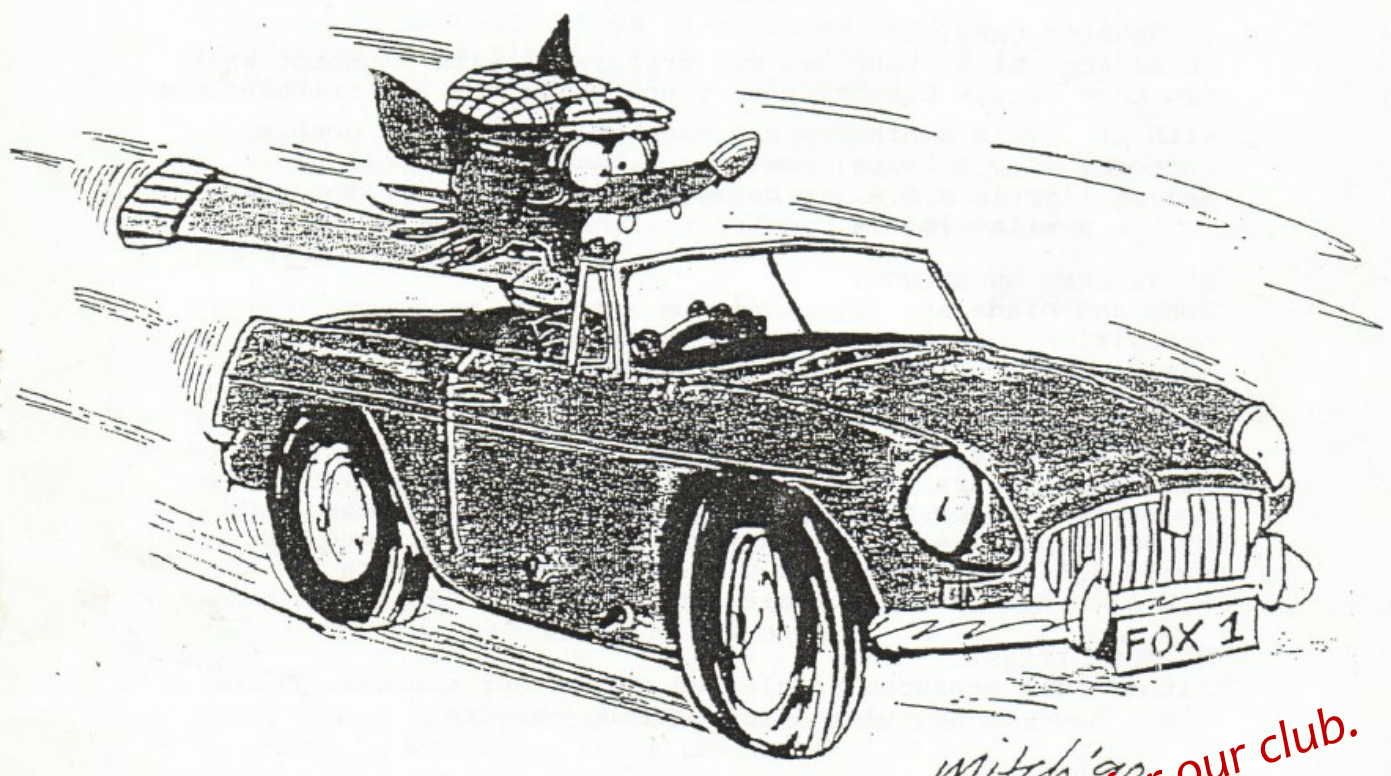

Back in the days when the bionic man, Lee Majors starred as 'The Six Million Dollar Man' on the TV. I was driving north on the A1, (at speed), when I passed a road sign. Half reading it as I passed, I could swear it said, 'BIONIC AREA'. This puzzle me for years until I passed it again. Some wag had painted and changed the 'P' to 'B' and the 'C' to 'O'. Some of us are easily fooled!

EDITORIAL

Well folks here it is at last, the first issue of the new 1990 South Leicester M.G. Owners Club Magazine, OVERDRIVE I admit that I nearly called this issue OVERDUE instead of OVERDRIVE but better late than never, or at least you should be in the best position to judge that once you've read it.

This issue is bound to be a bit hit and miss and also largely a personal production. I hope that in future more of the features will come as a result of your contributions now that you have seen (a) what a good idea this is; or (b) what a load of old rubbish this will be without your assistance. (Delete where not applicable.) Particular items that I need for future editions include the following:

1 MEMBERS CARS.

An A4 account of your own car preferably with a photo. What you know of its history plus your own trials and tribulations with it. This month you get mine which serves a double purpose. (see 4 below) Next issue hopefully you'll get Secret 'Arry's M.G.A.. A case of from the ridiculous (mine) to the sublime (his).

2 REPORTS ON EVENTS.

John and Diane are organising us a superb programme of activities this year, I need people to do a reporting job on these as they happen. Spoof or genuine (or both!).

3 TECHNICAL TIPS.

These are always useful and there is a wealth of experience out there. Share it with others, one day Mike will be able to write a piece about putting a B on the road. (One day!) My own expertise is distinctly limited but I'm sure Debbie would agree that the most vital non-standard extra for a R.W.A. Midget is a bottomless bank account. See page 7.

4 JOKE ITEMS.

Either home produced or gleaned from other sources. These don't have to be related to motoring matters.

5 ADVERTS.

If you've got something to sell or if you are a member and your business offers a direct service to other members then we will welcome your adverts.

I hope you feel it's worth making the effort to provide these pieces since the success and size of this publication depend upon you.

STOP PRESS!

As editor of a magazine distributed to patriotic car owners I have been asked by H.M.Govt. to pass on an open letter to all male readers between 17 and 65. I have therefore placed it on the back page. See "TAILPIECE".

THANKS FOR READING..... MIKE

SECRET 'ARRY'S REPORT

(4)

Hi there, all you fellow club members!

Some of you will remember that our magazine lapsed some time ago, and as this is the first bi-monthly issue of the new South Leicester M.G.O.C. magazine "OVERDRIVE" I would like to introduce myself as the Secretary since the last A.G.M. Of course our thanks must go to the outgoing committee for all their hard work, which was always done with enthusiasm. A list of the new committee members can be found below and feel free to contact any of us at any time regarding your M.G. or club events.

Over the forthcoming season, commencing the beginning of May, hopefully all our M.G.s will take to the road. Included in this issue is a list of coming events for May and beyond. Plans are in hand for more social and motoring events. What I need is feedback from you, the members of the Sth. Leics. M.G.O.C., with suggestions on the types of activity you enjoy.

So, Ladies and Gentlemen, ring me on Leicester 716917 with your ideas.

Happy and safe motoring,

ROUND UP OF 1990

When I set myself the task of writing a general round up of 1990 I did not realise how hard it was going to be. I also did not realise how quickly events get forgotten, orders of events confused and we forget the juicy bits. Perhaps this magazine may be useful after all.

In many ways I ought to start with the New Members Night except I did not go to it! I joined a fortnight later having managed to break through Mikes cunning ploy of having the wrong phone number in the Owners Club Mag.

My first big occasion was Stanford Hall. From a beginners stand point I found it extremely good fun. It was hard work but Joe Public seemed to enjoy it. My personal highlight was the guy in the Beetle who turned up to the Bug Bash a week early. What I need for next year is a lot of new members so that someone else can spend big chunks of the afternoon timing the same smart-a**e trying to beat his own time changing a wheel!

The barbecue held at Brooke House in Market Harborough seemed to work quite well. A lot of you turned up, the weather was good, the surroundings lend themselves to a good do and someone else did the washing up! Nobody died of food poisoning though, as far as I am aware Ken is still allergic to sausages.

We couldn't get to Stoneleigh but by all accounts it was great fun. The photos look good, we did well with the stand and I think everyone is looking forwards to this August.

We went to M.G. World at the N.E.C. the day before the rest of you. Ther was a lot to see and do but I felt that it didn't quite work. Did anyone else feel the same?

The A.G.M. this year was interesting, was it the first to be set to music ? Does the fact that it was Country & Western confirm the view that Mike really is a Cowboy? It was good to be able to see a successful Committee well received and to greet a new one. I would have liked to be a fly on the wall when John told Diane that she was the new Social Secretary!

Mary's last piece of organisation was a 'piece de resistance' The Xmas dinner at the Elizabethan at Welford was excellent. Food, drink and Disco all worked marvellously. The proverbial good time was had by all, especially John whose addiction to Helium seemed to be driving him quackers, & Steve seemed to need his permanently fixed balloons to stop him falling over. The club awards went to well deserved homes this year, Ken's M.G.A.as Car of the Year and Bob & Mary as joint member of the year was no more than they deserved. When I heard I was runner-up I was both genuinely surprised and deeply flattered.

Thanks Folks! Lets hope thi year is just as good!

"The Colonel" at Le Mans

I'm a fairly new owner of an M.G. even though they've been in my family on and off since I was 12. In March 1990 armed with a very limited budget I set off to buy myself a new toy. I could afford a half way decent Rubber Bumper Midget if the right one turned up. To my surprise I ended up with a decent looking Round Wheel Arch complete with factory hard-top, spare engine and gearbox! Little did I know how much I would need those extras. The previous owner had fitted a fast-road cam + performance manifold and assured me all it needed was a Spring tune. To cut a long story short, "The Colonel's" modifications were a bag of ****, the clutch was almost non-existent, the steering rack was accident damaged shock absorbers shot and a world record depth of underseal covered a floor made of brown lace!

Since I bought it the front end has been mechanically renewed, the spare engine has been rebuilt and refitted as standard. The spare gearbox has been reconditioned and put in. A new single box exhaust with a standard manifold has gone on and an M.O.T. failure has produced extensive floor welding. Despite all this we still love "Daddy's little car" (Quote courtesy of 23 month old Robert)

On the plus side "The Colonel" has been to Le Mans for the 24 Hours, has only broken down once and is currently giving excellent service come rain or shine. I have no regrets (no money, but no regrets).

If the nickname confuses you then I suggest you look at the colour and then become a CLUEDO addict!

Dear M.G. Owner

NOTIFICATION OF COMPULSORY ENLISTMENT

On behalf of Her Majesty the Queen and her Government, you are hereby notified under the Emergency Powers Act, 1939 (as amended by the Defence Act, 1978) that you are required to place yourself on standby for possible compulsory military service in the Gulf conflict. You may shortly be given order to report within 48 hours for service with our forces currently stationed in Saudi Arabia. You have been assigned to the Third Battalion, Queens Own Reserves.

Due to decisions by her Majesty's Government to adhere to agreed cutbacks on expenditure, it will be necessary for you to provide yourself with the following equipment: Combat jacket; Trousers (preferably khaki); tin helmet; boots (or sturdy trainers); gas mask; a map of the Combat Zone (the Ordnance Survey 1:25000 Outdoor Leisure Map of Iraq and Kuwait is acceptable); a rifle; lots of ammunition (live is best); ample sun tan lotion (factor 12) and a one way ticket to Riyadh, Saudi Arabia.

If you can afford it, we would also like you to buy a tank. Vickers Defence at Barbow are currently offering our new conscripts, bearing a copy of this letter, an amazing 0% finance deal on all new 'H' reg Chieftans, subject to status and availability.

There may be little time for formal military training prior to you being called for service, so you are advised to hire videos of the following films to try to pick up a few ideas: Laurence of Arabia, A Bridge Too Far, The Longest Day, The Guns of Navarone and M*A*S*H*.

You will be hearing from us shortly with regard to your date of service.

Yours Sincerely,

COL. M.J. WHITE V.C., M.C., M.G. & EAR

Annual Anniversary run October 2024 Statfold Country Park.

On a rather dull but dry Sunday morning , we all met up at Dobbies Garden Centre at 10.30am for our Annual Anniversary tulip run to Statfold Narrow Gauge Museum Trust & Country Park. It was a good turn out with 15 cars attending.

After an hour at the Garden Centre, with most of the men enjoying a relaxing cup of coffee and the ladies shopping for a bargain, we were on our way through some very pretty country villages, most of which we'd never heard of! Roads a bit bumpy at times but managed to get there without too many bruises.

Eating again

After a hearty Sunday roast, followed by homemade bread and butter pudding and custard, Graham called out the numbers for the raffle, and guest what? ...We all won a prize ! Great fun.

Afterwards ,we walked our Sunday lunch off then boarded the train like excited school children. Unfortunately, some of us struggled to fit in the small seats, must have been the bread and butter pudding eh??

A step back in time when we visited the Old Sweet Shop, reminiscing about torpedoes, rhubarb and custard and pineapple chunks.

A visit to the Train Museum and photo shoot was next on the list to admire the fantastic collection of engines. We then set off for home.

The route without bumps was chosen though.

Many thanks to Graham and Nicky for organising a brilliant day.

Ann Brown (editors partner)

On Saturday, the 12th of October at 4:30. 9 cars all parked up at the white horse in Broughton Astley for the fish and chip run organised by Derek. 15 minutes of chatter and it was time to leave for a tulip route guide run of 30 miles through outstanding countryside to our end venue, the Urban Chef in Burton on Trent.

Everyone took their place on a long table and scrutinised the menu, Alan asked how big the large fish was to Derek, Derek opened both hands and stretched them and said, that big, Alan laughed and said were you a fisherman they all say it was bigger than it really was.

Our food arrived one by one and very hot, looking around almost everyone had the fish and chips some had peas some had curry and some had salad, the room went quiet as everyone was eating.

Melvyn was the first one to give up with his large fish, that beaten me he said. Alan had no problems with his. A few of us ordered a pudding. Everyone seem to enjoy ourselves and the meal was very hot and lovely.
